```

Check

Use the Message Filtering button below to hide/show particular messages, and to see total counts of errors and warnings.

Message Filtering

- Warning** This document appears to be written in English. Consider adding `lang="en"` (or variant) to the `html` start tag.
[From line 1, column 1; to line 1, column 25](#)

```
{% extends "base.html" %}↔{% b1
```

 For further guidance, consult [Declaring the overall language of a page](#) and [Choosing language tags](#).
 If the HTML checker has misidentified the language of this document, please [file an issue report](#) or [send e-mail to report the problem](#).
- Error** Non-space characters found without seeing a doctype first. Expected `<!DOCTYPE html>`.
[From line 1, column 1; to line 1, column 25](#)

```
{% extends "base.html" %}↔{% b1
```
- Error** Element `head` is missing a required instance of child element `title`.

[From line 1, column 1; to line 1, column 25](#)

```
{% extends "base.html" %}↵{% bl
```

Content model for element [head](#):

If the document is [an iframe srcdoc document](#) or if title information is available from a higher-level protocol: Zero or more elements of [metadata content](#), of which no more than one is a [title](#) element and no more than one is a [base](#) element.

Otherwise: One or more elements of [metadata content](#), of which exactly one is a [title](#) element and no more than one is a [base](#) element.

Document checking completed.
